## **COVID LEVEL 4 UPDATE**

Kia Ora,

We hope you are all safe and well in your bubbles. To those of you who are essential workers we thank you!

As you will be aware all New Zealand remains in Level 4 until Friday night at the earliest. When MOH allows we will move into Level 3. As Level 3 stipulates we remain in our bubble, hockey cannot recommence until we reach Level 2.

Therefore, the implications are as follows:

### **Primary School Hockey - New Plymouth**

The rest of the Primary School competition is cancelled.

### **Intermediate Hockey - New Plymouth**

The rest of the Intermediate competition is cancelled. The trophies will be allocated to those teams that are currently topping the competition.

### **Secondary Competition**

The rest of the competition is cancelled. Once we reach Covid Level 2 we will work with the teams to ascertain viability of playing 1 v 2 to determine winners for trophies.

### **Club 9's**

The rest of the S9's competition is cancelled as voted for by the majority.

### **AIMS games**

Aims games are cancelled for the second year in a row.

### Under 13 & Under 15 Development Program

The development program will proceed once we reach Level 2.

### National Hockey Championship

HNZ have deemed that all New Zealand need to be in Level 2 by the 3<sup>rd</sup> of September to ensure a meaningful campaign can be undertaken. We will have more news on this as things proceed.

We ask that you adhere to the MOH guidelines and keep our community safe. We will update you on the website and Facebook as more information comes to hand.

Yours in Hockey

*Denise Hill*
